INTERNATIONAL BUSINESS CONNECTING

Introduction Sheet: CLEAN

CLEAN is a world-leading cleantech cluster based in Denmark with an international focus. Our mission is to accelerate the green and sustainable transition while realising growth for the Danish cleantech sector.

- We CONNECT people and organisations
- We DEVELOP new initiatives
- We TRANSFORM ideas into solutions to realise growth and job creation in the Danish cleantech sector
- We FACILITATE projects and cooperation's between the public sector, research institutions and the private sector

CLEAN is a facilitator of high-value cooperation between parties, by bringing members closer to markets, customers and peers. As a nonprofit entity, CLEAN does not directly “close deals” and negotiate commercial contracts, rather we create collaborations that ultimately lead to deals being closed and solutions being implemented.

CLEAN is a “triple helix” cluster with members from: Public sector, Private sector and Research institutions.

CLEAN is a nonprofit association that facilitates cooperation between these three domains creating tangible outcomes for all parties involved. The Association has 170+ members and is governed by a Board of Directors with representatives appointed by our core members.

CLEAN is officially labelled a GOLD cluster according to the standards for cluster excellence adopted by the European Commission.

As a big knowledge source is a partnership with CLEAN a great value for every company or person active in creating Green World Solutions.
